SUMMARY

Self-driven Full Stack Developer with experience in building responsive web apps using HTML, CSS, JavaScript, Angular, Django, and MySQL. Skilled in both front-end and back-end development, with basic knowledge of cybersecurity. Eager to learn and contribute through impactful projects in a professional internship role.

PROFESSIONAL SKILLS

Design Understanding Team Collaboration
Problem Solving Visual Design

TECHNICAL SKILLS

HTML, CSS, Java Script, Angular, Django , MySql
,Bootstrap, C ,C++ , Java , Python , DSA(learning)

PROJECTS

Restaurant Menu Card System

Tech Stack: HTML, CSS, Django, MySQL

Developed a full-stack restaurant management system where:

- Customers can **select their table and place food orders** through a user-friendly frontend.
- Orders are received by the **chef**, who **prepares the food** and passes it to the **waiter**.
- After serving, the **waiter updates the system**, and a **table-wise bill is automatically generated and sent to the cashier**.
- Implemented clear role-based flows (Customer → Chef → Waiter → Cashier) using Django views and MySQL database logic.

WhatsApp-Based Online Store Website

Tech Stack: HTML, CSS, JavaScript

- Built a responsive e-commerce site with product listings, where users can **place orders via WhatsApp** through an "Order Now" button. Used basic JavaScript for interactions and focused on mobile-friendly design for small businesses.
